Re: Whalen and Carr

This A.M. operative went to Strickland's Cafe at the corner of Morrell and Wyckoff Sts. and there spoke to Mr. Whalen, who stated that he was not in Buccleuch Park the night of the Hall murder and also that he does not know Jim Mills or his brother. That the first he knew of the murder was when it appeared in the papers. I asked Mr. Whalen when Mr. Carr would be in and he said he would be in after 12 o'clock. Operative then left the Cafe.

In the afternoon operative returned to Strickland's Cafe and spoke to Mr. Carr, who told me that he drove a taxi in 1922 and that he went to work in the afternoons and worked till late at night. Operative asked him if he was in Buccleuch Park on the night of Sept. 14th, 1922 with a girl and he said he was not. Operative asked him if he knew Jim Mills and he said he does not. Mr. Carr then stated that he did not know anything about the murder until Saturday, Sept. 16th, 1922 when he read it in the newspapers, and at that time he read that Dr. Hall's body had been found with that of a lady's, but it did not give the lady's name. This was all Mr. Carr said he knew of the murder.

Operative then returned to Mr. Watson's office.

Respectfully submitted;

C.M.
